

YOUR OWN TAYLOR-MADE RENTAL PLAN

We will formulate a rental program 'Tailor-made' for your business.

Once you select a uniform for your staff from our range of styles and fabrics specially designed for long term rental applications, Australian Uniform Service experienced staff will take over.

We will

- fit it
- alter it
- supply it
- add logos and emblems to it
- clean it
- mend it
- and replace it

on a continuous basis, leaving you to reap the rewards of running a business that now has that professional edge.

BUILT ON SERVICE

Australian Uniform Service is a company that is built on service.

As the uniform specialists, our staff focus on getting the little things right, like repairs being completed on time, ensuring the correct size for each person is measured correctly and regularly issuing garments for a new employee in time for the next delivery. Going the extra mile is just part of what we do!

We go to great lengths to ensure garments are the last thing on your mind and continually tailor our products and services so that we get you the best total solution.

With Australian Uniform Service you will find you are dealing with the 'owner' of the business serving you and we pride ourselves on being totally honest with our customers.

There are no 'hidden' charges at Australian Uniform Service, none of those charges that sometimes you only find out about when the first bill arrives.

THE AUSTRALIAN UNIFORM SERVICE ADVANTAGE

Imagine how the image of your business will improve if each day your staff go about their work in a clean, smartly tailored company uniform.

Now, imagine if this can be achieved with no effort on your part, no capital investment, and at a cost that is 100% tax deductible.

That's the benefit of renting, and that's the Australian Uniform Service advantage.

For more than 10 years, we have been dressing thousands of staff throughout the eastern seaboard of Australia in specially designed, custom-fitted company work wear.

These are staff in shops and offices, in workshops and factories, those who are out on the road or work out on the job.

They are from a wide range of companies we serve, which range in size from just one or two employees to large businesses employing hundreds.
